## AGENDA

- LeadDev Together **introduction**
- Course **structure** and session **flow**
- Making the **most** of the course
- Useful **tips** and **tools** to support your group learning experience

# Introduction

LeadDev Together

## LEADDEV TOGETHER

**Five-part series that focuses on the core challenges you'll face as an engineering leader.**

Attend with your team, that could be the team you manage or a cohort of the engineering leadership team at your company:

- Team-based
- You and your directs
- You and your fellow engineering leaders

## LEADDEV TOGETHER

Mix of **talks** and some **group exercises** which the teams take part in together, mostly over video conference or in-person if they are in offices.

**Two** showing times for LeadDev Together:

1. North and South America
2. Europe and the East Coast of the US

Each module is crafted by a **co-host** who:

- Shapes the sessions and its outcomes for participants
- Selects speakers
- Designs group exercises

# Course structure & session flow

## COURSE STRUCTURE & SESSION FLOW

Each module is **2.5 hours** with the same structure:

- 3 pre-recorded talks of **15 mins each**
- 3 personal reflection times of **5 mins each**
- **1 hour** of group exercise
- Homework

# COURSE STRUCTURE & SESSION FLOW

## WATCH

3 pre-recorded talks with your team:

- Represents a combination of theory and practice
- Crafted to set the foundation of your group thinking

# COURSE STRUCTURE & SESSION FLOW

## PERSONAL REFLECTION (5 MINS)

- Take a step back and reflect on what you just watched
- Think about how this might show up in your day-to-day at work
- Inform your group discussion
- Structure your thinking individually, before sharing it with your team

# COURSE STRUCTURE & SESSION FLOW

## GROUP EXERCISE

- For individual groups of 6-8 attending
- To discuss what you've just heard with your team
- Put into practice some of the things you've learned
- Safe space to ask questions and practice

# COURSE STRUCTURE & SESSION FLOW

## HOMework

- Sent out the day after the event airs
- The homework document collates further reading/watching on the session's topic

**Making the most  
out of the course**

## TOP TIPS

- Take an active role in your group and support your group leader
- Actively engage with all the different course items
- Watch the talks altogether, synchronously
- Fill your self-assessment survey

January 31 - March 30

# LeadDev Together 2022

Progress your group learning journey

Course topics:

-  Growing teams sustainably
-  Articulating strategy
-  Collaborating cross-functionally
-  Managing up and influencing
-  Addressing underperformance
